

# Orange Lake Fish and Game Association

Due to the Covid-19 pandemic, we will be having tournaments starting on the Father's Day/ Opening Day Tournament. These are the rules we will be following during all the tournaments to protect our members and guest.

There will be no more than 10 people on the pavilion at any one time.

During registration there will be only the tournament committee and no more than 5 people on the pavilion to register. When you have registered, you will return to your boat and prepare to launch. Then you can launch your boat and wait in the cove for the tournament committee to launch their boats and then the tournament will start as soon as everyone is in the cove.

There will be 3 tournament committee members doing the weigh in, one member cooking the food, one member at the table being weighed in, one member waiting at the top of the steps and one member waiting at the bottom of the steps. When you have completed the weigh in you will return to your vehicle or boat. There will be only 3 members in line getting food.

All others will be waiting at the vehicles.

Mask are encouraged when you are at the pavilion during registration and weigh in.

Always remember your Social Distancing.

I would like to thank everyone for your cooperation during these trying times. Hopefully, we can get back to our normal routine soon.

Michael C. Hall, Sr

President
